

This weekend competitors from fifty-one different schools converged on Oxford Area High School for the 2011 Southeastern Regional Tournament. Council Rock North finished seventeen out of that field of some of the best in Pennsylvania. Four North wrestlers made the trip to Oxford. Just two will continue on to Hershey in quest of a State medal.

***Adam Slezak** lost to Brandon Arnsburger from Octorara in the opening round of Regions and was eliminated from further competitions. That loss brought to an end **Adam's** wrestling career at North. A three year varsity career that saw **Adam** finish with an impressive 60 and 38 record. **Adam** placed at Sections three times and Districts twice. As a senior, **Adam** was selected as one of the 2010-2011 team captains. Quiet and unassuming, **Adam** was one of those guys that just let his wrestling do the talking for him. He chalked up many important wins that always kept North in the hunt for the league championship. **Adam** will be missed, but with the same hard work and determination he showed here at North he will surely go a long way. Good luck **Adam**.*

*Like Adam, **Anthony Dutrow** was eliminated from Regional competition in the first round. **Anthony** wrestled three years on the varsity for North. In those three years his record was 81 and 43. Of those 81 wins, 41 were by way of falls, 9 by tech falls and 8 by major decision. That is amazing when you put it into context. That means that 72% of the time **Anthony** stepped on the mat he put bonus points on the scoreboard for the Indians. That effort will be hard to duplicate and will be missed at North. Enthusiasm is the only word to describe **Anthony's** approach to wrestling. If he applies that same enthusiasm to whatever he chooses to do in the future, he will surely be successful. Thanks for all the thrills **Anthony** and be sure to come back and see us.*

*Two weeks in a row Matt Harkins from Hatboro has forced **Johnny Dutrow** to finish in the consolations. Last week at Districts it was by a score of 9-4. This week a much, much closer 2-1 tie breaker in overtime. None the less, **Johnny** went on to take third place at Regions and will be at the big dance*

*in Hershey next week. Harkins better mind his P & Q's or **Johnny** just might be one step higher than him on the podium.*

*Jeremy Minich from Boyertown is **Shane Longstreth's** nemesis. Up to this year's Regionals, these two have wrestled a total of six times with all six going to Minich. **Shane** had the misfortune of meeting up with Minich in this year's semi-finals. Minich tacked on another one there and **Shane** had to finish in the consolations where he went against McStravick from Upper Perk. Last week at Districts **Shane** beat McStravick 1-0 in an ultimate tie breaker. This week no such luck in the consi finals. McStravick got even and **Shane** finished fourth. Still on his way to Hershey. Let's hope **Shane** doesn't see these two guys until way late in the completion.*
