## **JV MATCH**

Back in the day most of the teams in the league would have a full JV squad and contests would be run as an actual match with individual and team scores kept. Today many of the teams do not have complete JV teams and the matches are run kind of haphazardly. That was the case tonight. It's just not the same without a team score, so not that it matters for much an unofficial score was kept last night. There were a total of sixteen bouts with several of both the CRN and Abington wrestlers wrestling more than once. The North JV's looked impressive taking eleven of the sixteen bouts. **(See the chart below for the final results.)** Because there was no announcement of the wrestlers, some of the names may not be correct. If not, let us know and we will make any corrections.
